## General:

The Blossom Cluster comes with the bloom lengths pre-programmed to create the natural distribution shown. These can either be shortened upon installation (instructions are provided) OR we can make the piece to your exact height requirements to order at no additional cost.

All measurements and weights are approximate - our lights are hand crafted so there will be some variation.

Made to IEC Standards designed to operate at 240V/50Hz. Certification for National Differences e.g. AS/NZS is available on request.

## Modifications available:

EXTRACHAINLENGTH – Extra 1m matching suspension chain added to all Bloom drops.

International wiring variations are also available.

Contact us for more information on modifications.

## Light Sources:

Ceiling rose - 3W each, 250 Lumen, 3000 Kelvin. CRI >90 Ra

Dropped spots – 1W each, 80 Lumen, 3000 Kelvin, CRI >90 Ra

## Driver:

This chandelier has a constant current external mains driver which is compatible with trailing and leading edge TRIAC dimmers. Dali-compatible drivers are available on request.
