General:

Please note that the bronze finish is available as standard with elephant grey flex and the brass finish available as standard with gold flex.

Please note that the lacquered brass finish may develop a slight patina over time due to the natural properties of the material.

All lamp holders in the UL Fold collection are standard Edison Screw (E26).

We recommend that the chandelier is wired to a dimmer switch.

Made to USA standards and designed to operate at 120V / 60Hz. Please note, light sources are not supplied with UL Listed orders.

All measurements and weights are approximate - our lights are hand crafted so there will be some variation.

Assembly:

Please note that small adjustments can be made to the flex suspension length during installation. If you require longer flex suspension, please let us know upon request.

We recommend that you use a qualified electrician to install your light.

Our lights come with comprehensive installation instructions. They shouldn't need much maintenance, but we give you some information on that too.

Made in England.

All of our lights are designed and manufactured in England by skilled craftsmen and women.

All designs are copyright to Tigermoth Lighting Ltd.

Modifications available:

- Additional flex suspension length to increase maximum hanging height
