

Flex Colour

Metalwork Finish

Please note that the UL Fold collection uses the fabric flex shown below

FOLD LINEAR CHANDELIER

Model Number — TL-UL-1200LFLINE

Width	Depth	Max. Hanging Height	Min. Hanging Height	Height Adjustability	Lamp Holders	Max Wattage	Weight	Ceiling Rose	Height excluding Suspension
Fold Linear Chandelier – Long Suspension - TL-UL-1200LFLINE									 <p>320mm</p>
47 ¼"	8"	51 ¼"	19 ¾"	Order to required hanging height	45 – E26	5W each	40lb	47 ¼" length x 1 ¼" depth	

General:

Please note that the bronze finish is available as standard with elephant grey flex and the brass finish available as standard with gold flex.

Please note that the lacquered brass finish may develop a slight patina over time due to the natural properties of the material.

We recommend that the chandelier is wired to a dimmer switch.

Made to UL standards using UL recognised components and designed to operate at 120V / 60Hz.

All measurements and weights are approximate - our lights are hand crafted so there will be some variation.

All lamp holders in the UL Fold collection are standard Edison Screw (E26). Please note, light sources are not supplied.

Assembly:

Please note that small adjustments can be made to the flex suspension length during installation. If you require longer flex suspension, please let us know upon request.

We recommend you use a qualified electrician to install your light.

Our lights come with comprehensive installation instructions. They shouldn't need much maintenance, but we give you some information on that too.

Made in England.

All of our lights are designed and manufactured in England by skilled craftsmen and women.

All designs are copyright to Tigermoth Lighting Ltd.

Modifications available:

- Additional flex suspension length to increase the maximum hanging height

Call us for more information on modifications.
