Model Number — TL-FWALL

Width	Depth	Height	Lamp Holders	Max Wattage	Weight	
Fold Wall Light – TL-FWALL						
120mm	100mm	370mm	1 - E14	5W	1Kg	

## General:

Please note that the lacquered brass finish may develop a slight patina over time due to the natural properties of the material.

All measurements and weights are approximate - our lights are hand crafted so there will be some variation.

Made to IEC Standards designed to operate at 240V/50Hz. Certification for National Differences e.g. AS/NZS is available on request.

We recommend using only candle style light sources in this light. We can supply suitable dimmable LED light sources.

## Assembly:

You will need a qualified electrician to install your light.

Our lights come with comprehensive installation instructions. They shouldn't need much maintenance, but we give you some information on that too.

## Packaging Information:

Please contact us for packaging information on smaller products as the box weights and dimensions are dependent on the quantity of lights in the order.

## Made in England.

All of our lights are designed and manufactured in England by skilled craftsmen and women.

All designs are copyright to Tigermoth Lighting Ltd.

WEEE Registration Number: WEE/BU3809XD

Tigermoth Lighting is a Lighting Industry Association Quality Assured Company.
