General:

Please note that the bronze finish is available as standard with elephant grey flex

All measurements and weights are approximate - our lights are hand crafted so there will be some variation.

We recommend that the chandelier is wired to a dimmer switch.

Made to IEC Standards designed to operate at 240V/50Hz. Certification for National Differences e.g. AS/NZS is available on request.

We recommend using only candle style light sources in this light. We can supply suitable dimmable LED light sources.

Modifications available:

EXTRAFLEX - Extra flex length, charged per m, to increase the hanging height. Please note the extra flex will be added to each individual pendant.

BESPFLEX - Bespoke flex length to order to required hanging height

Call us for more information on modifications.
