39 1/2"	23 3/4" With 39 1/2" suspension chain	26"	Adjustable on site	6 – E26	20W each	34lb	4 3/4" dia. x 1" depth	

General:

All the lamp holders in the Compass collection are standard large Edison Screw (E26).

Made to UL standards using UL recognised components and designed to operate at 120V / 60Hz.

All measurements and weights are approximate - our lights are hand crafted so there will be some variation.

We recommend using only candle or golf ball style light sources in this chandelier. Please note, light sources are not supplied.

Assembly:

You will need a qualified electrician to install your light.

Our lights come with comprehensive installation instructions. They shouldn't need much maintenance but we give you some information on that too.

Modifications available:

EXTRASUSCHAIN - Extra suspension chain length charged per m to increase the hanging height

Call us for more information on modifications.

Made in England.

All of our lights are designed and manufactured in England by skilled craftsmen and women.

All designs are copyright to Tigermoth Lighting Ltd.

WEEE Registration Number: WEE/BU3809XD

Tigermoth Lighting is a Lighting Industry Association Quality Assured Company.
