General:

All the lamp holders in our Compass collection are standard large Edison Screw (E27).

Made to IEC Standards designed to operate at 240V/50Hz. Certification for National Deviations e.g. AS/NZS is available on request.

All measurements and weights are approximate - our lights are hand crafted so there will be some variation.

We recommend using only candle or golf ball style light sources in this wall light.

Assembly:

You will need a qualified electrician to install your light.

Our lights come with comprehensive installation instructions. They shouldn't need much maintenance, but we give you some information on that too.

Packaging Information:

Please contact us for packaging information on smaller products as the box weights and dimensions are dependent on the quantity of lights in the order.

Modifications available:

- Certified IP44 version available (see next page).

Call us for more information on modifications.

IP44 COMPASS WALL LIGHT

Model Number – TL-IP44COMPASSWLAL; TL- IP44COMPASSWLCC

Width	Height	Depth	Lamp Holders	Max Wattage	Weight	
IP44 Compass Wall Light with Cut Glass – TL-COMPASSWLCC
