General:

All measurements and weights are approximate - our lights are hand crafted so there will be some variation.

Made to IEC Standards designed to operate at 240V/50Hz. Certification for National Differences e.g. AS/NZS is available on request.

We recommend using only candle or golf ball style light sources in this light. We can supply suitable dimmable LED light sources.

Modifications available:

Certified IP44 version available – see IP44 Compass Wall Light

Call us for more information on modifications.

Packaging Information:

Please contact us for packaging information on smaller products as the box weights and dimensions are dependent on the quantity of lights in the order.

Assembly:

You will need a qualified electrician to install your light.

Our lights come with comprehensive installation instructions. They shouldn't need much maintenance, but we give you some information on that too.

Made in England.

All of our lights are designed and manufactured in England by skilled craftsmen and women.
