General:

All of our lamp holders are standard large Edison Screw (E26). Please note, light sources are not supplied.

Made to UL standards using UL recognised components and designed to operate at 120V / 60Hz.

All measurements and weights are approximate - our lights are hand crafted so there will be some variation.

Assembly:

We recommend that you use a qualified electrician to install your light.

Our lights come with comprehensive installation instructions. They shouldn't need much maintenance, but we give you some information on that too.

Modifications available:

COM – Client's own material for Stem shades

Version available for damp areas - see IP44 Stem Wall Light for details

Call us for more information on modifications.

Made in England.

All of our lights are designed and manufactured in England by skilled craftsmen and women.

All designs are copyright to Tigermoth Lighting Ltd.

Tigermoth Lighting is a Lighting Industry Association Quality Assured Company.
